

2013 Conservation Stewardship Program (CSP)

GET IN THE DOOR BEFORE PLANTING

CSP FUNDING RESTORED

for 2013 through the Continuing Resolution and farmers are encouraged to **SIGN UP TODAY.**

The deadline is yet to be determined, but will likely be in May. The short turn-around means that farmers should **enroll now - before the planting season begins.**

It's easy to sign up:

Simple, two-page application
No commitment
Stop by your local NRCS office today.

The **Conservation Stewardship Program** is a voluntary program that encourages working lands conservation.

The USDA expects to enroll 12 million acres into CSP in 2013. **Sign up today** to ensure a lot of these acres are in Iowa.

CSP supports many of the voluntary conservation practices outlined in the **Iowa Nutrient Reduction Strategy** including **cover crops, nitrogen management and longer rotations.**

“As a farmer in the program, I know how important CSP is to farmers. It's a reward for those already making the extra effort to farm in a way that protects Iowa's air, soil and water. For others, it's an incentive to switch to more sustainable farming practices.”

*Guthrie County Iowa farmer and PFI member
