

Cover Crops:

Cows like green stuff

Wade Dooley
6th Generation

Home Farm

Hay or graze?

Rye following Corn silage

Winter Wheat

Broadcast into standing Soybeans

Weeds? Nope, Wheat!

Cattle prefer grass over stubble!

Winter Wheat flown-on 1bu/A

Oats & Turnips

Late-summer seeding

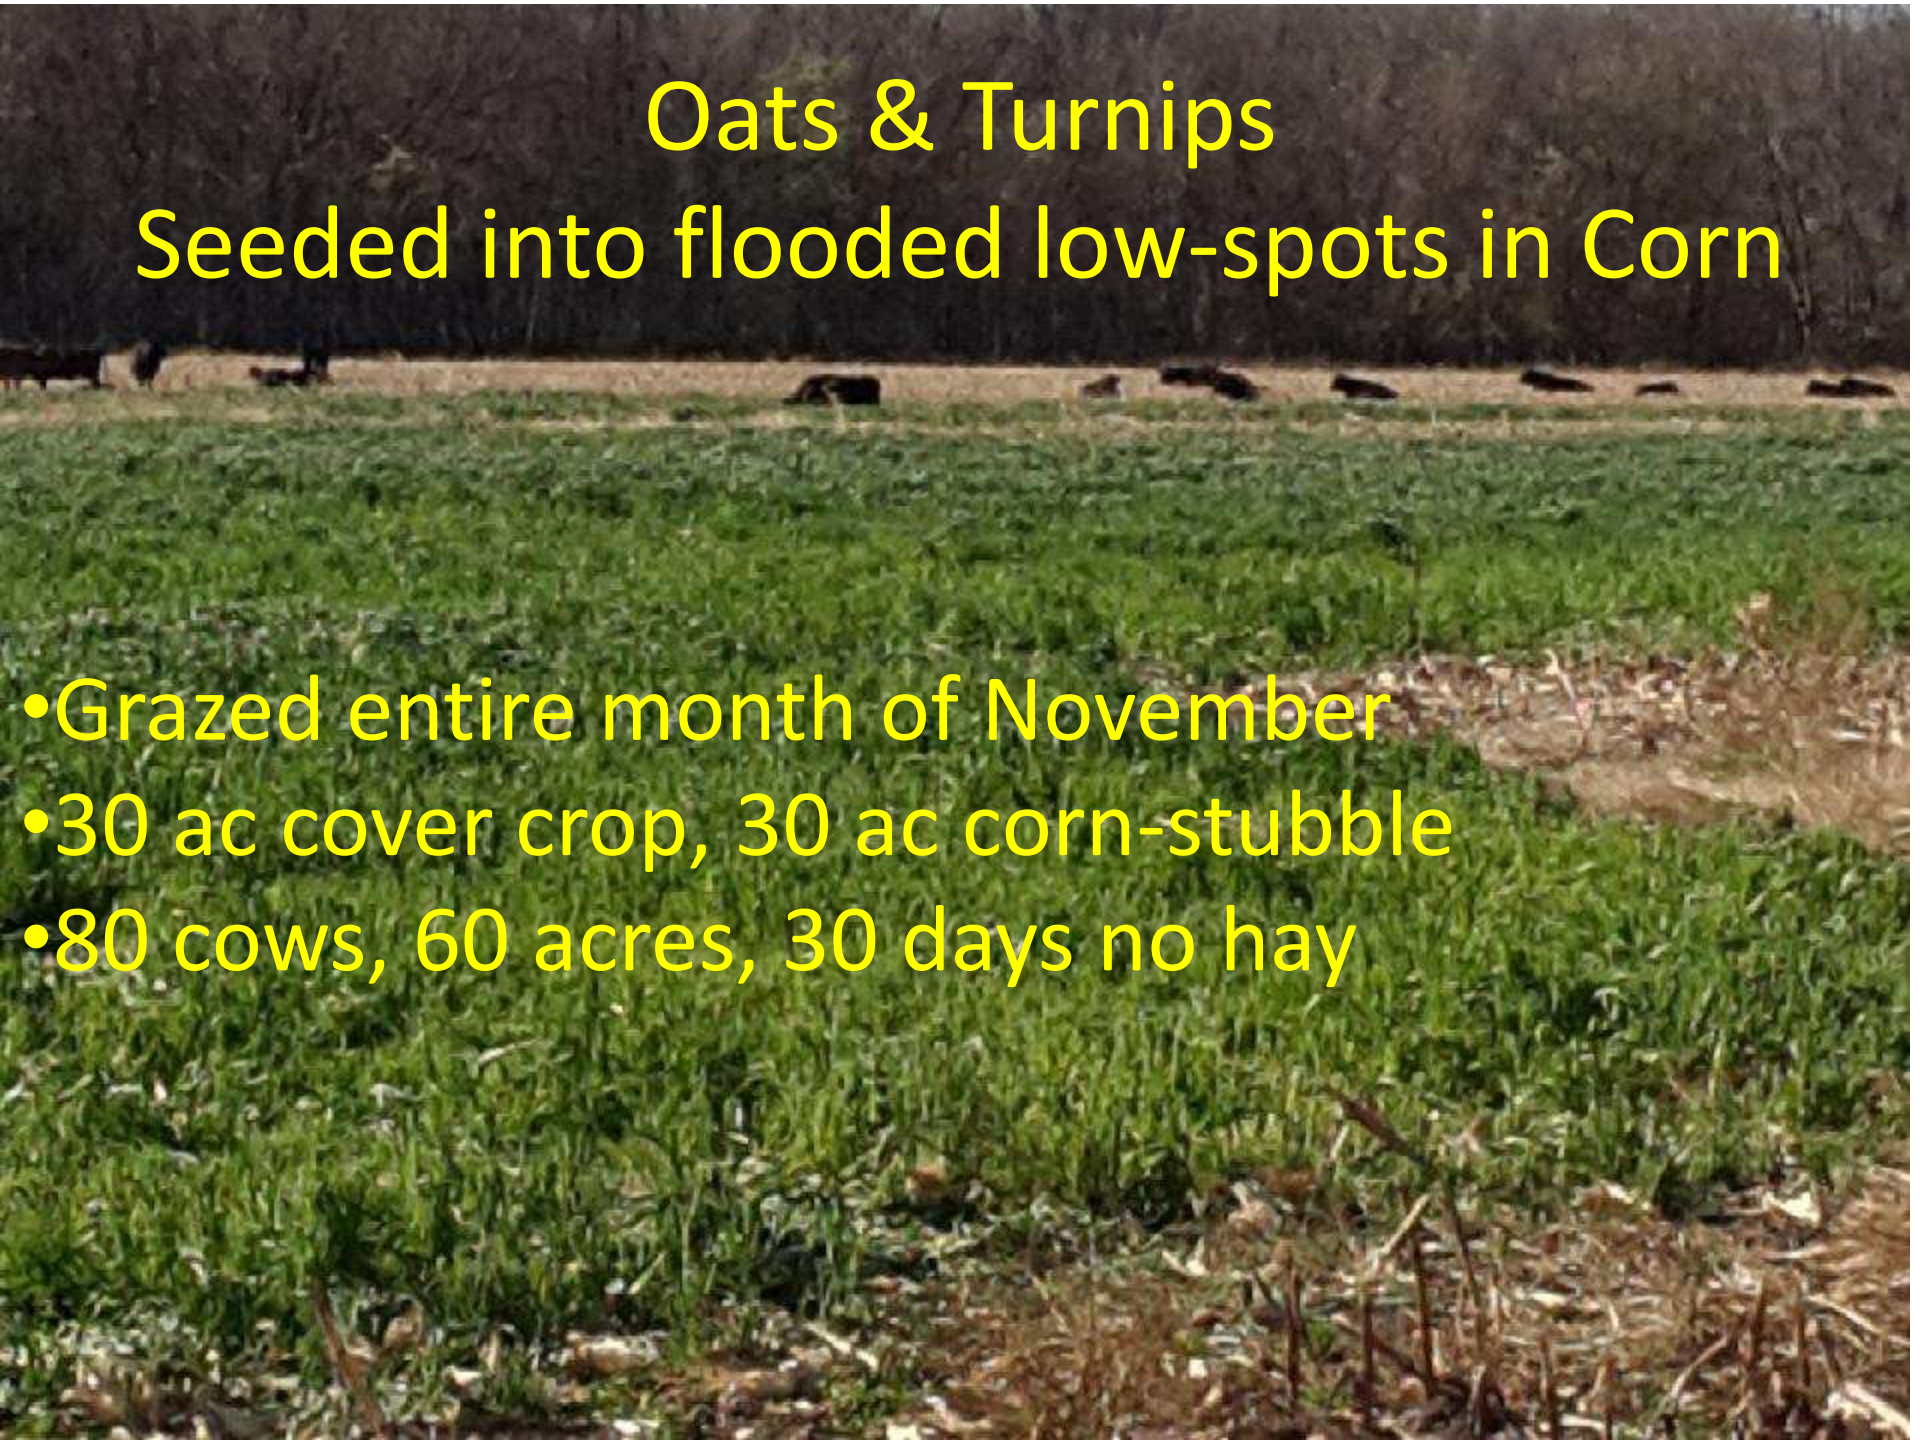

Residual Nitrogen scavenged by Oats

Oats & Turnips

Seeded into flooded low-spots in Corn

- Grazed entire month of November
- 30 ac cover crop, 30 ac corn-stubble
- 80 cows, 60 acres, 30 days no hay

Heifers grazing 6-way mix Dec. '15

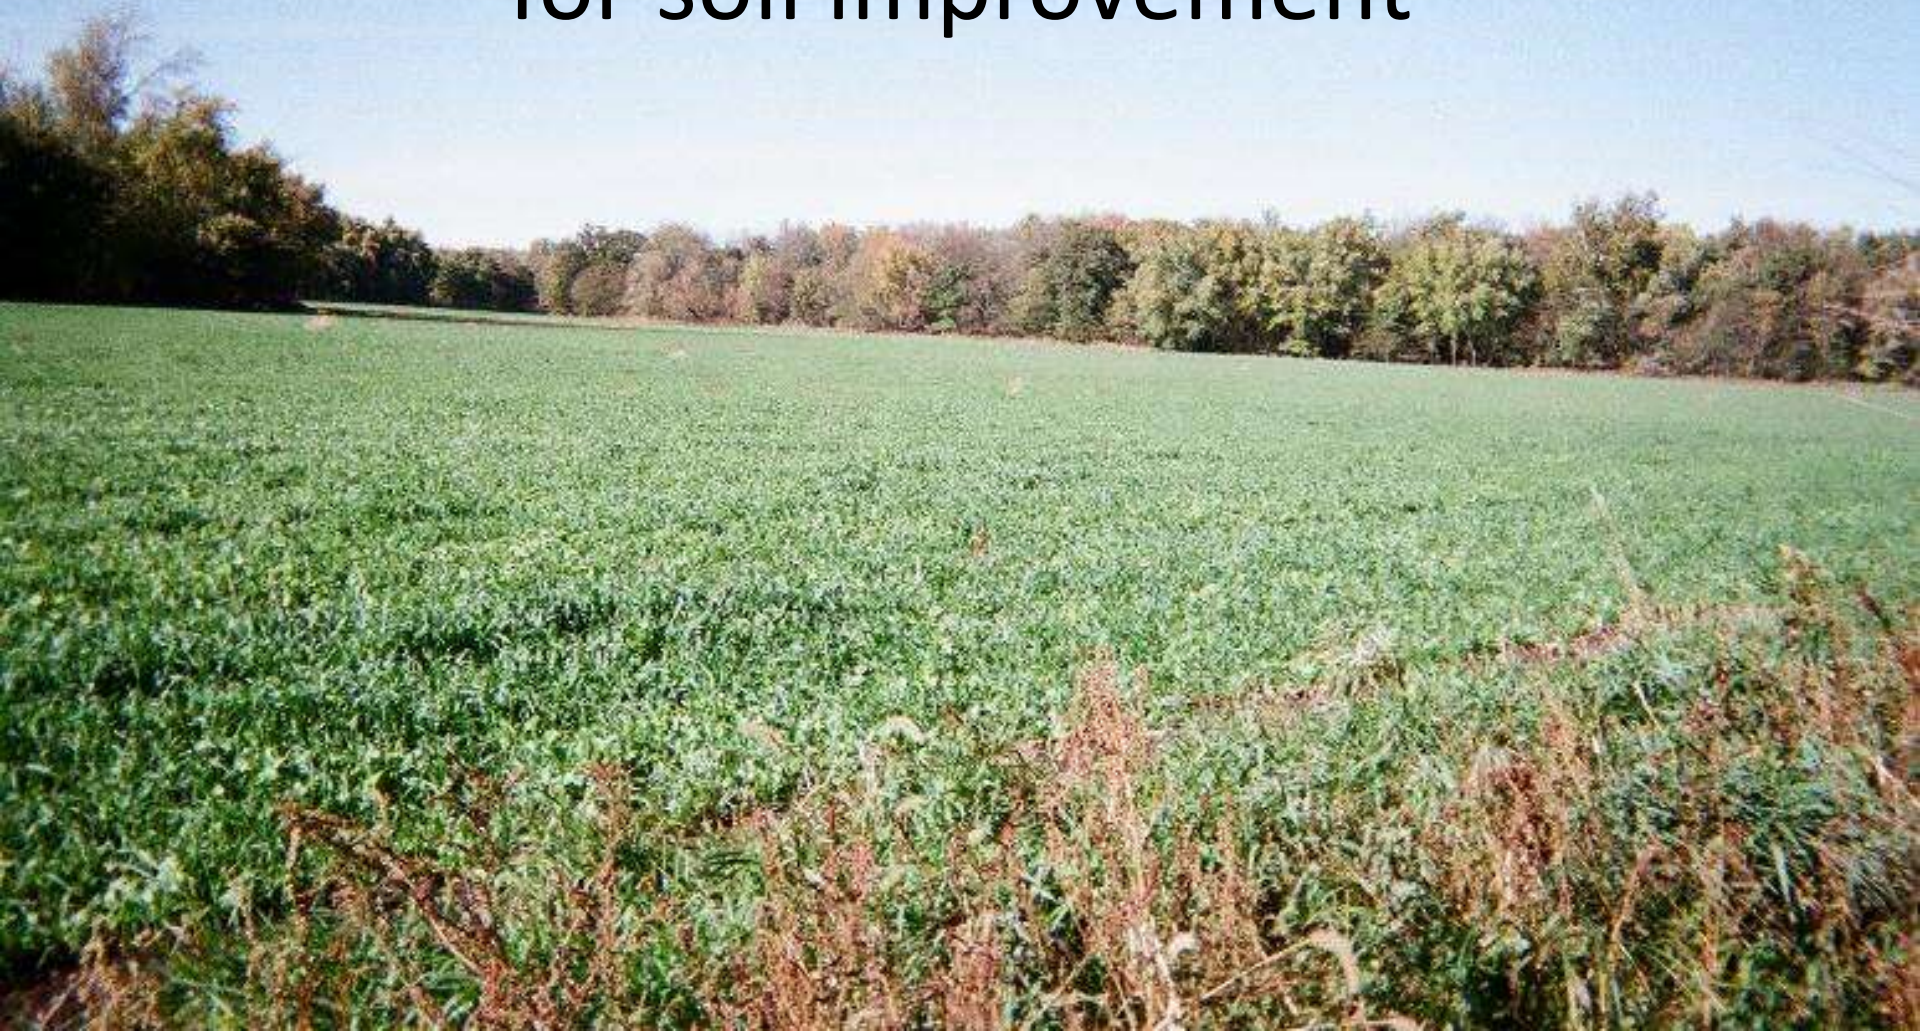

6-way mix, May '16

**Cover crops:
Better erosion control than tillage!**

Oats & Radish Drilled Mid-summer for soil improvement

Oats & Rape Broadcast into standing Soybeans

Winter wheat,
drilled into
corn stubble

Planting
Green!
